Happy travels and come home safely!

Your Travel Policy

THIS IS YOUR POLICY — PLEASE READ IT CAREFULLY

The Travel Certificate attests the product purchased and determines the benefits of the Policy.

The Policy defines the various types of benefits and combined with your Travel Certificate constitutes your Travel Insurance Policy.

Despite any other provision contained in the Policy, the Policy is subject to the statutory conditions in the Insurance Act respecting policies of accident and sickness insurance. Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the Insurance Act.

These documents contain clauses which may limit the amounts payable. Please read them carefully.

CONDITIONS APPLICABLE TO ALL BENEFITS

Eligibility

At the time of application and during the whole period of coverage, the following statements must be true for all Covered persons:

- You must be covered under the Government health plan of Your province/territory of residence; and
- You must not have been advised against traveling by a Physician or other primary care provider

Policy extension

Policy extensions are not guaranteed and may be declined at the discretion of the Insurer.

Coverage under this Policy may be extended if:

- the request for extension is made by contacting the Insurer prior to the end of the initial coverage period; and
- the additional premium is paid; and
- all Covered persons remain eligible for insurance; and
- in the event a claim has been made or a Medi Assist file has been opened, the Insurer has granted approval; and
- there has been no travel advisory or health warning declared by a Canadian Government Agency restricting travel of Canadian residents at the Covered person's destination, and;
- our approval is expressly granted.

If the extension of insurance affects the initial rate of the premium, the new premium will apply for the entire duration of the Policy.

To arrange for your extension:

- Phone: **604 419-2000** (8 a.m. – 4:30 p.m. PST, Monday to Friday)
- Outside the Lower Mainland within British Columbia call toll-free **1 877 PAC-BLUE**
- E-mail: **inhealth@pac.bluecross.ca**

Automatic extension of coverage

All coverage will automatically be extended free of charge:

- up to 24 hours when the return home is delayed due to the carrier or as the result of a traffic accident or mechanical failure of the private vehicle returning to the departure point (claim must be supported by documentary proof),
- during the period of hospitalization and the 24 hours which follow the discharge from Hospital of a Covered person,
- up to 72 hours when the return home is delayed due to a Covered person's illness occurring within 24 hours prior to the contracted return date and requiring emergency medical care.

Validity of the policy

The travel insurance must be purchased before the departure date and for the full duration of the Trip.

If the contract requires extension and the latter is denied by the Insurer, the contract remains valid until the expiry date of coverage.

Return to the Province of Residence at the Request of the insurer

In the absence of a medical contraindication, when a Canadian Government Agency encourages covered person to return to the country, the Insurer can require the return to the province of residence of any Covered person already travelling within a time that the Insurer considers reasonable.

Repatriation of a Covered person

In the absence of medical contraindication, the Insurer can require repatriation of any Covered person or his transfer to other medical facilities. **Refusal by the Covered person cancels the coverage and the terminating notice to the Policyholder shall be sufficient. There will be no refund of premium allowed for early return in the event the Covered person refuses to be repatriated.**

Settlement of claims

The Insurer shall not assume responsibility under the Policy unless the Covered person gives written notice of loss to the Insurer within 30 days of acquiring knowledge of it, and transmits to the Insurer within 90 days of the loss, all the information, original and detailed accounts, and submits proof of these expenses acceptable to the Insurer, a proof of the duration of the trip, a medical certificate giving the complete diagnosis and any other document or information of any nature required by the Insurer for the study of a claim.

The Insurer shall be entitled to have the Covered person undergo examinations for claims adjustment purposes, and to have an autopsy performed in the event of death as long as it is not prohibited by law. Expenses for those examinations are the Insurer's responsibility.

All claims must be submitted to Us in English.

Method of payment

The Insurer shall make any refund by means of a cheque in the name of the provider of services and the Policyholder or his assignee, after receiving and assessing the relevant accounts and the necessary information pertaining thereto, in accordance with the terms and conditions provided. However, in all cases, the Insurer shall have the right to pay the provider of services directly.

Any amount paid by the Insurer or on its behalf relieves the Insurer of all obligations to the extent of such amount.

Coordination of benefits

The coverage outlined in this Travel Insurance Policy is excess insurance and is secondary to any other coverage for similar benefits which the Covered person may hold from any other source at the time of loss.

Pacific Blue Cross will pay eligible expenses only in excess of those covered by that other insurance company or insurance companies or other responsible party or parties, including insurance plans provided through credit cards, third party liability, group or individual basic or extended health insurance plans or contracts including any private or provincial or territorial auto insurance plan, providing hospital, medical or therapeutic coverage, or any third party liability insurance in force concurrently with this Travel Insurance Policy.

If the Covered person is entitled to similar benefits under a Pacific Blue Cross group or personal health plan, claims will be charged against the Travel Insurance Policy first.

If other coverage for similar benefits does not provide for secondary payment, the benefits payable under that coverage will be determined first.

If other coverage for similar benefits does provide for secondary payment, then benefits under this Travel Insurance Policy will be coordinated so that benefits from all sources shall not exceed the total loss incurred. Coordination of benefits will be in accordance with the Coordinating Coverage Guidelines for Out-of-Country/Province Health Care Expenses issued by the Canadian Life and Health Insurance Association.

Subrogation

If, in the event of loss or damage, the Covered person shall acquire any right of action against any individual or legal entity for loss covered under this Policy, the Insurer shall be subrogated for all the Covered person's rights of recovery to the amount paid by the Insurer. The Covered person shall sign and deliver instruments and papers to this effect and do whatever is necessary to secure such rights.

Interpretation

This Policy is to be interpreted and enforced in accordance with the laws of the province of British Columbia and their amendments and Regulations, and to our By-laws.

Concealment, fraud or attempted fraud

This Policy is void in the case of fraud or attempted fraud by the Covered person, or if the Covered person conceals or misrepresents any material fact or circumstance concerning this insurance, either at the time of application to the insurance, at time of claim or any other moment during the life of the Policy.

Duty to disclose

A Member or applicant for benefits must disclose to Us in the application, on a medical examination (if applicable), and in any written statement or answers furnished as Evidence of insurability, every fact within the applicant's or person's knowledge that is material to the coverage.

Interest

No sum payable under this Policy shall bear interest.

Currency

All amounts of money mentioned in this Policy, as well as sums payable under this Policy, shall be in the legal currency of Canada.

Electronic communications

We may provide and accept documents electronically from You and covered Members in accordance with applicable legislation.

Modifications to the policy

The terms and conditions of this Policy may not be modified unless agreed upon in writing by the Policyholder and the Insurer. The Insurer's waiving or omitting to require any provision in the Policy to be executed or observed must not be interpreted as the Insurer's waiver of its right to require any provision to be carried out or observed.

Refund of premium

Any request for a refund of premium must be submitted to the Insurer's authorized agent from whom the insurance was purchased, before the Effective date of the Policy.

Following an early return, a refund may be requested for the unused days provided:

- no claim was submitted and / or no Medi-Assist case was opened, and
- You must submit proof that We deem acceptable of Your return to Canada. If no such proof is provided, then the postmark on the letter or the date an email is received by the insurer will be considered the date of return and the refund will be effective on the following day, and
- the refund was requested within 15 days of Your return to your ordinary residence in Canada.

No refund will be processed without Our fully completed Refund of Premium form.

Administrative fees of \$25 per Policy are deducted from any refund, except for refund due to cancellation of the Policy before departure.

Refund of premium does not apply if:

1. You are covered for Trip Cancellation benefit, and/or
2. You are covered for Emergency Return Benefit, and/or
3. You are covered under an Annual Insurance plan, and/or
4. Your refundable premium is less than \$20 after application of the Administration Fee.

Illegal act

This policy will be void if your claim(s) results from or is related to a Covered person's involvement in the commission or attempted commission of a criminal offense or illegal act in the country where the claim was incurred. This includes, but is not limited to, acting against locally imposed orders of self-isolation, Quarantine or geographic travel restriction.
